

rocr::AMD::GpuAgent
::ReleaseShader

```
graph LR; A[rocr::AMD::GpuAgent::ReleaseShader] --> B[rocr::AMD::GpuAgent::system_deallocator]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box has a light gray fill and a black border, containing the text 'rocr::AMD::GpuAgent' on the top line and '::ReleaseShader' on the bottom line. A dark blue arrow points from the right side of this box to the left side of the right box. The right box has a white fill and a black border, containing the text 'rocr::AMD::GpuAgent' on the top line and '::system_deallocator' on the bottom line.
