

rocr::Addr::V1::CiLib
::ReadGbMacroTileCfg

```
graph LR; A[rocr::Addr::V1::CiLib  
::ReadGbMacroTileCfg] --> B[rocr::Addr::V1::CiLib  
::AltTilingEnabled]
```

A diagram showing a transition from a configuration state to an enabled state. On the left, a gray rectangular box contains the text 'rocr::Addr::V1::CiLib' followed by '::ReadGbMacroTileCfg' on a new line. A dark blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'rocr::Addr::V1::CiLib' followed by '::AltTilingEnabled' on a new line. Both boxes have a black border.
