The diagram illustrates a mapping or transformation. On the left, there are two white rectangular boxes. The top box contains the text 'rocr::Addr::V2::Gfx10Lib' followed by '::HwlComputeNonBlockCompressedView' on the next line. The bottom box contains 'rocr::Addr::V2::Gfx10Lib' followed by '::HwlGetPreferredSurfaceSetting' on the next line. On the right, there is a gray rectangular box containing 'rocr::Addr::V2::Gfx10Lib' followed by '::HwlComputeSurfaceInfoTiled' on the next line. Two blue arrows point from the right side of the two white boxes to the left side of the gray box, indicating a relationship or mapping from the left-hand expressions to the right-hand expression.
