

rocr::Addr::V2::Gfx10Lib
::HwIComputeNonBlockCompressedView

```
graph LR; A[rocr::Addr::V2::Gfx10Lib  
::HwIComputeNonBlockCompressedView] --> B[rocr::Addr::V2::Gfx10Lib  
::HwIComputeSubResourceOffsetFor  
SwizzlePattern]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'rocr::Addr::V2::Gfx10Lib' followed by '::HwIComputeNonBlockCompressedView' on the next line. The right box is gray with a black border and contains the text 'rocr::Addr::V2::Gfx10Lib' followed by '::HwIComputeSubResourceOffsetFor' and 'SwizzlePattern' on the next two lines.
