The diagram illustrates a mapping or transformation. On the left, there are two white rectangular boxes. The top box contains the text 'rocr::Addr::V2::Gfx9Lib::HwlComputeDccInfo' and the bottom box contains 'rocr::Addr::V2::Gfx9Lib::HwlComputeHtileInfo'. Blue arrows point from each of these boxes to a single gray rectangular box on the right. This gray box contains the text 'rocr::Addr::V2::Gfx9Lib::GetMetaMipInfo'. The arrows indicate that both source functions or identifiers are mapped to the target function or identifier.
