The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is shaded gray and contains the text 'rocr::amd::elf::GElfRelocation' on the top line and 'Section::segment' on the bottom line. The right box is white with a black border and contains the text 'rocr::amd::elf::GElfSection' on the top line and '::segment' on the bottom line. A blue arrow points from the right side of the left box to the left side of the right box.
