

rocr::amd::elf::GElfSymbol
Table::hasRelocationSection

```
graph LR; A[rocr::amd::elf::GElfSymbolTable::hasRelocationSection] --> B[rocr::amd::elf::GElfSection::hasRelocationSection]
```

A diagram showing a relationship between two classes. On the left, a gray rectangular box contains the text 'rocr::amd::elf::GElfSymbolTable::hasRelocationSection'. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'rocr::amd::elf::GElfSection::hasRelocationSection'.
