

rocr::core::SharedMemory
Signal

```
graph BT; A[rocr::core::IPCSignal] --> B[rocr::core::SharedMemory Signal];
```

The diagram illustrates an inheritance relationship between two classes. At the bottom is a white box with a black border containing the text 'rocr::core::IPCSignal'. A red arrow points vertically upwards from the center of this box to the center of a gray box with a black border at the top. The gray box contains the text 'rocr::core::SharedMemory Signal'.
