The diagram illustrates a mapping or inheritance relationship. On the left, there are two white rectangular boxes with black borders. The top box contains the text 'rocr::Addr::V2::Gfx10Lib' followed by '::HwlComputeNonBlockCompressedView' on the next line. The bottom box contains the text 'rocr::Addr::V2::Gfx11Lib' followed by '::HwlComputeNonBlockCompressedView' on the next line. On the right, there is a smaller, gray rectangular box with a black border containing the text 'rocr::Addr::ShiftRight'. Two blue arrows point from the right side of each white box to the left side of the gray box, indicating that both source classes inherit from or map to the target class.
